Our Guarantee

AngelCore's fixed pricing is all inclusive. All aspects of production are completed to your 100% satisfaction.

Timelines and Deliverables

Producing an Impact Movie requires many steps: each having to be completed on time. The most likely factors that delay a project are: last minute changes to the script, late-addition new features, significant redesigns and slow feedback from our Client.

Script Revisions after Final Recording

We can make any changes to your movie during production. However, once the final audio has been professionally recorded and processed, we reserve the right to charge an additional \$85 per sentence for changes.

Deposit and Payments

We require one half of the cost at the beginning of the project and the other half at the beginning of the 2nd month. The deposit is due prior to the initial interview. If this will be a problem, then please let us know. By signing below, the Client agrees to these terms and conditions.

Messaging Development Details & Order Form

Superior messaging is the cornerstone of any successful company. It's the most important investment that you can make in your business. The words you choose to use to describe your business determine the way people think about you. It's Customer-centric messaging, not Company-centric. It is told from your Customers own point of view... in ways that your Customers will understand.

Messaging that Educates & Connects

It's more than knowing what to say. It's saying it in a way that gets the viewer to want to learn more about you. It's educating and connecting with your Customers better than ever.

Most companies rely on just one messaging methodology. However, we use whatever techniques are available to build your strongest message, including Storytelling, Spin Selling and Neuromarketing. It's award-winning messaging that:

- Differentiates your solutions and helps you stand-out.
- Explains why your solutions are the best in your industry.
- Addresses your competitors (subtly or not so subtly).
- Disproves common misconceptions.
- Positions you as the leader in your industry.

Deliverables – What you Actually Get

We will help create the best overall message and brand for your business. Most often, it includes insights that you couldn't see before because you were too close to your message. Here are the items that we generally deliver in our base package:

- Elevator Pitch. A 30-second "elevator pitch" that you can use to train all your employees and numerous other ways.
- Unique Value Proposition. What are the most important and differentiating benefits that you deliver? What sets you apart?
- No-brainer Argument. This a single sentence that distills your entire value proposition into one simple, "no-brainer" argument.
- Variations on your Message. How does your message change for each unique market and service that you offer?
- Length-specific Descriptions. We can provide descriptions of both your company and services in lengths of 25, 50, 100 and 250 words. They are quick and handy descriptions that can be popped right into online directories, magazine articles, press releases, SEO and PPC listings, Facebook, Twitter, LinkedIn, blogs... wherever you have the chance to tell your story!

Where to Use your New Messaging?

You can stretch your ROI even further by telling your story in as many places as possible. Here are some places where you can share your new messaging:

- Sales Materials such as websites, brochures, success stories, articles and newsletters.
- Presentations like tradeshows, webinars, demos, videos and sales visits.
- Conversations with Customers, partners and the media.
- Training for salespeople, other employees, distributors and partners.
- Social Media for your company and all employees... tell your story to all your stakeholders.

Other Deliverables (if needed)

There are other messaging services that we can provide. These depend on your specific market, services and process.

- Competitive Analysis. We'll analyze the websites of your major competitors and share valuable facts that you need to know.
- Customer Profiles. We'll identify your ideal Customers and identify what points are most important to them.
- Market Research. We'll find industry data you can use to bolster the argument and value of your services.

Pricing - Base Package & Other Deliverables

Our basic messaging services include the items listed above in "Deliverables." The cost for this service is \$4500. We also provide additional messaging services that are listed above. We're happy to develop a custom plan and proposal to meet your specific needs.

PowerPoint Slides Messaging and Scriptwriting

We can create PowerPoint presentations that excite, educate and motivate your Customers. These are not much different from our own "Coffee with AngelCore" webinar. We can develop just the slides or create the entire script.

The PowerPoint Marketing Program consists of the following:

- A 35 slide PowerPoint Presentation that includes:
 - A combination of core slides and interchangeable slides to create alternate versions of your presentation.
 - Interviews and research to collect the information necessary to build a message to achieve our objectives.
 - Designs based on your existing branding or the creation of all new design if desired.
 - Designs that display details and processes visually so that information will be absorbed easier by the viewer.
 - Transitions between slides and animations within slides that can be run automatically or controlled by the presenter.
 - Inclusion of call-to-action options to encourage your Customers to take the next step in you sales process.
- The AngelCore project management process that limits your involvement to the bare minimum needed to complete your project – on time and on budget.
- A complete word-for-word script based on the AngelCore messaging model which utilizes the principles of Neuromarketing and Solution Selling. (Scriptwriting is an optional service and may not be required).
- A list of leading questions that you can use at the start of your presentation as a survey to connect with you audience.
- A list of summary questions that you can use at the end of your presentation to jump-start a Q&A session.
- The source files that went into producing the different versions of your presentation with the exception of any licensed elements such as licensed photography.

Timelines and Deliverables

Developing a PowerPoint slide deck is a complicated and time consuming process. We work immediately on your project when the ball is in our court. Nevertheless, the most likely factors that could delay a project are: last minute changes, late-addition new features, significant redesigns and slow feedback from our Client. A typical timeline for completion is about 6-10 weeks.

Technology and Limitations

We work hard to ensure that all problems and compatibility issues are minimized. PowerPoint presentations are widely used in business today. There are few issues we expect to encounter.

Stock Photography: Costs

*We will purchase the first \$400 worth of royalty free photography. After this amount, we ask that the Client purchase the rights to additional imagery. (Please note that this is rarely an issue).

Stock Photography: Industry-Specific Imagery

We do our best to provide suitable photography from our image library and we purchase photos from online sources. However, it is up to the Client to provide Industry or Product Specific photos that cannot be found through standard online vendors. (We may be able to conduct a photo shoot of your product, if it can be shipped to us).

Deposit and Succeeding Payments

We require a deposit of \$4,500 to begin the project with the remaining \$3000 balance due at the beginning of month 2. The deposit is due prior to the Initial Interview. With approval, the Initial Interview may be conducted before funds arrive.

Payment Terms and Delays

In exchange for our hard work and commitment to the success of your goals, we ask that payment is made as soon as an invoice is received. If this will be a problem, then please let us know. Thank you for your understanding. We are committed to the success of your objectives and marketing efforts.

Ways to Maximize Your ROI from our Article Writing and Placement Service

If you are planning on placing an advertisement in a magazine, then consider this. For the same cost of your advertisement, you can have an article appear in a respected trade publication – an article that carries more weight. In addition, it minimizes your involvement. We'll show you the many ways that you can use your article in order to get the most from your investment. For example:

- Create hard copy reprints that you can distribute at tradeshow and include in your sales package.
- Feature them on your website, include them in emails, and play them at your sales presentations and webinars.
- Provide them to your salespeople, distributors and affiliates to help them sell your services.
- Articles are a great way to improve your SEO page rank. Regularly published articles and blogs keep the content of your website fresh. This will increase your authority and hence your search rankings.

- All articles conform to the editorial guidelines required by the target publications.
- We'll assist you with using your published articles in as many ways as possible, such as tradeshow giveaways, in email links, on your website, in sales materials, in targeted PR campaigns, or as an incentive to watch an Impact Movie.
- We guarantee that we'll get your article placed or you pay nothing.
We have a 100-percent success rate in getting Clients published in the media they target.
